

The calendar for 2014 lists all the up and coming events happening in the club over the next twelve months.

[Download Calendar](#)

Use the calendar to check

- up and coming club championship races
- training sessions
- social things
- activities others are doing that you can also do.

Club members can also use the calendar to identify suitable dates if they wish to organise their own event for others to join in with and make sure there isn't a clash.

Remember that a subsidy may be available for an event that is organised. Complete the [request for subsidy](#) and it will be considered at the next committee meeting.
